

A A TIKARE AND ASSOCIATES DENTAL PRACTICE

PRIVATE PRICE LIST

We provide private dental care and advice based on the category of treatment and the materials needed. The cost your care depends on the type of treatment required and the cost of any laboratory work involved. Generally speaking, the time taken will be the same as the booked appointment time and when you make an appointment you will be told the amount of time that has been booked for you.

As a guide, the costs of some common private treatments are given below. You will be given a full estimate and treatment plan after examination and will be advised of any proposed changes during a course of treatment. Should you require any further information, please do not hesitate to ask a member of staff or your dentist. Please also ask about the practice's payment policies and the different ways of paying.

A A TIKARE AND ASSOCIATES DENTAL PRACTICE
